EDUCATION

Coimbatore Institute of Technology (CIT)

MSc Data Science (5-Year Integrated)

CGPA : 7.90/10 (as of Sem 4)

2024–Present

Coimbatore, India

GRD-CPF MHSS

SSCE: 88.83%

2023–2024

Coimbatore, India

PROJECTS

Concert Booking System, Python · Tkinter · CSV · Pillow

- Developed a GUI-based ticket booking application with user authentication, seat selection, and real-time availability tracking
- Implemented three-tier pricing (VIP, Gold, Silver) with automated fare calculation logic
- Engineered CSV-based persistent storage with input validation to maintain accurate user and booking records.

DiscountSense – Pricing Analytics & Demand Forecasting, Python · Pandas · NumPy · Scikit-Learn · Random Forest · PowerBI

- Preprocessed and analyzed 524,878 retail transactions across 38 countries, performing EDA and feature engineering to identify key drivers of sales and discount effectiveness.
- Trained and benchmarked Random Forest, Decision Tree, and Linear Regression models; Random Forest achieved the best results (MAE = 15.77) with rolling sales and seasonality as top demand drivers.
- Built a Discount Scenario Simulator predicting demand and revenue across 0%–25% discount tiers, deployed as an interactive Streamlit dashboard with multi-currency support.
- Designed an interactive Power BI dashboard to visualize sales trends, discount impact, product performance, and predictive insights for data-driven decision-making.

Personal Portfolio Website, HTML · CSS · JavaScript · Tailwind CSS

- Developed a responsive personal portfolio website to showcase academic projects, technical skills, education, experience, and achievements.
- Implemented interactive navigation and UI elements to provide intuitive browsing and easy access to portfolio sections.
- Optimized the website for different screen sizes, ensuring consistent usability across desktop and mobile devices.

SKILLS

Languages — Python, SQL

Data Handling & Visualization — Pandas, NumPy, Power BI

Database Management — MySQL, MongoDB

Tools — Excel, Scikit-Learn, Flask

Web Development — HTML, CSS, JavaScript

Soft Skills — Communication, Teamwork, Problem Solving, Leadership, Adaptability, Analytical Thinking

AREAS OF INTEREST

Machine Learning | Data Analytics | Data Visualization | Business Intelligence

CO-CURRICULAR ACTIVITIES

Design & UX team – GDGonCampus, CIT

June 2025 – May 2026

As a team member, designed and developed visually engaging posters for technical events, festivals, and community initiatives, contributing to event promotion and enhancing visual communication.

HACKATHONS & CERTIFICATES

- **Data Analytics Job Simulation, DELOITTE**
- **Cybersecurity Analyst Job Simulation, TATA**
- **Smart India Hackathon - 2026, Participant**
